

*Abundant Life Center
Volunteer of the Month
February 2014*

*Thank you,
Arlene Rose*

Solid and faithful, Arlene has been an active member of Abundant Life Center since the early days. Tireless in her advocacy for our community, she serves as Chairman of the Board of Trustees and contributes regularly as a prayer leader on Sundays.

Although she works hard on behalf of ALC, it isn't just the things she *does* that enhance our community, but her *presence* and *character*. Arlene is passionate about speaking her heart directly to others and takes the opportunity to express compassion to people whenever she gets the chance. She is a kind advocate for those in need.

She is a solid confidante, and her home is always open for meetings or a spontaneous visit. A professional teacher and counselor, she brings these skills to our community through her level-headedness and clear vision. Her unique point of view and ability to see all possibilities is a definite asset during meetings.

As a spiritual part of our community, Arlene brings something beautiful and precious to us through her Native American prayers. The prose of all living creatures, her words paint a vivid picture of what it means to love God through Mother Earth and Her nature.
