

*Abundant Life Center
Volunteer of the Month
June 2014*

*Thank you,
Linda Wright*

Linda is a Certified Nutritionist who taught four nutritional classes last year and inspired many members to change their eating habits. She has been available, through her emails, to follow through with any questions that will help our community towards maintaining a healthier lifestyle.

She then took it upon herself to create a Public Relations Committee to promote ALC, focusing on extending our community. Linda gathered ten members for brainstorming sessions that came up with advertising through the printed page, outside events, fundraisers, the ALC website, and other online websites.

She discussed future fund raising projects, such as our picnic carryalls, and got the ball rolling to move our rented office space to a financially beneficial location. Thanks to Linda's forethought in this matter, we have now moved our business office to Margo Dawn's home with considerable savings for ALC.

Linda is also responsible for the *Reach Out Team* who speaks with visitors after our Sunday service formally welcoming them. They are given a Welcome Packet and obtain contact information from them, if they so desire, so a team member may call them during the week to answer any questions they may have.

In addition to her list of credits, Linda has also joined the ALC choir.

The Public Relations group came up with ALC's mascot: Abundy, our "church squirrel," the name having been suggested by Paul and Charlotte Enberg.
