

*Abundant Life Center
Volunteer of the Month
September 2014*

*Thank you Laura Cannon,
for your creativity and service!*

There are some people who cast their brilliance into the world in quiet, yet powerful, ways; and our volunteer of the month is one of those people whose light shines most brightly from behind the scenes.

Most of us know Laura through her sweet demeanor and gentle smile, but there's another side to her that is incredibly creative. All you need to do is look at the banner above the altar on Sunday to see her exemplary art. A beautiful depiction of our declaration of beliefs, it has graced our Sunday services for several years.

A more recent creative endeavor is her hand-made totes and backpacks for carrying plates and silverware. Not only are they a mainstay for several church members on their camping trips and Sunday potlucks, they help raise funds for ALC!

Creativity is not the only avenue through which Laura has graced our community. It is said in the book *Servant Leadership* that one of the most powerful ways in which to lead is through service, and Laura has done just that. She has served quietly on several occasions, and here are just a couple of examples: cooking chili for one of our fundraisers, and helping clean up at Paul and Charlotte's after our last barbeque.

We have been blessed to have Laura as a part of our community.
